## WORK EXPERIENCE

- |  |  |
|--|--|
| <b>CodTech IT Solutions Pvt. Ltd.</b><br><b>Frontend Developer Intern</b>  | <b>Jan - Feb 2025</b><br><b>(Remote)</b> |
| <ul style="list-style-type: none"><li>• Developed interactive and responsive frontend applications using HTML, CSS, JavaScript, and React.js.</li><li>• Built a quiz app, real-time chat app, portfolio website, and e-learning platform UI.</li></ul> |  |
- 

## PROJECTS

### Covid Management System

Technologies Used: PHP, MySQL, HTML, CSS, JavaScript

- Developed a web-based platform to streamline vaccination center operations worldwide.

### E-Voting System

Technologies Used: Blockchain, SPHINCS+ (Post-Quantum Digital Signature), Python, MySQL

- Designed a secure and transparent online voting system utilizing blockchain for immutable vote storage.
  - Integrated SPHINCS+ post-quantum cryptographic signatures to enhance security.
-

## SKILLS

- **Programming Languages:** Python (Intermediate), JavaScript, SQL
  - **Web Technologies:** HTML, CSS, React.js, Angular, Node.js
  - **Database Systems:** MySQL, MongoDB
  - **DevOps & Version Control:** Git, GitHub, Jupyter, Google Colab, VS Code, Docker, Kubernetes
  - **Data Visualization:** Tableau, Power BI, Matplotlib, Seaborn
  - **Other Tools:** Flask, Django
  - **Soft Skills:** Collaboration & Teamwork, Creativity & Innovation, Time Management
- 

## CERTIFICATIONS

- IBM Full Stack Software Developer
- Angular & NodeJS -The MEAN Stack Guide [2024 Edition]
- Android Developer Virtual Internship
